File No: DN 40/98

The Embassy of the Republic of South Africa in Venezuela presents its compliments to the Ministry of Foreign Affairs of the Republic of Colombia and has the honour to inform the Ministry that, following the extension of the Electronic Travel Authorisation (eTA) system, the Government of the Republic of South Africa has approved the inclusion of holders of Colombian passports in the eTA regime.

Accordingly, nationals of the Republic of Colombia who are holders of valid Colombian passports may apply for an Electronic Travel Authorisation (eTA) prior to undertaking travel to the Republic of South Africa.

Subject to the approval of the eTA and compliance with all applicable immigration and entry requirements, such travellers may be permitted to travel to and seek entry into the Republic of South Africa for ordinary visits, including tourism, holidays, and short-term business-related activities, in accordance with the terms and conditions applicable to the approved eTA.

The Embassy would be grateful if the Ministry could bring the above information to the attention of Government Ministries, Entities and Agencies; airlines operating in Colombia, relevant stakeholders, and the public in Colombia, for their information.

Applications for an Electronic Travel Authorisation (eTA) may be submitted through the official website of the Government of the Republic of South Africa at: <https://eta.dha.gov.za>
